

Bondi Top Workshop

With Lindsey Rae

1. Bondi Top Pattern

2. Gather Supplies

- Self Measuring Tape (or normal measuring tape)
- Marking utensil (Water Soluble or Chalk)
- Fashion Multi Tool by Sew To Grow
Long Frech Curve (highly recommended)
- Seam Gauge (optional if you have Multi Tool)
- Regular Scissors and Fabric Scissors
- Flower Head Pins and normal pins
- 1.5 Meters of muslin/calico fabric to test fit.
(plain color medium weight cotton fabric)
- 2 Meters of tracing paper/interfacing for tracing design
(AKA: Pattern Ease, Vielene Tracing Interfacing)
- Coordinating Thread (Rasant/Guetermann)
- Sewing Machine in good working order.
Optional: Bring Overlocker/Serger on Day 2
- 1/2m (yd) extra fabric to make bias in class
or purchase 1yd/m of 25mm wide bias. Double
fold is fine.

3. Choose a Fabric

Choose a fabric that is appropriate for the garment you are making for best results. Also keep in mind your skill level. The class is built around fitting, so you don't want to waste time with aligning prints, stressing about directional prints, or fussing with challenging fabrics. I recommend a stable medium weight cotton for best results for your first class.

4. Purchase Fabric for Final Garment

Based on 44' (110cm) Fabric.
Allow extra for more length if desired

Bondi Top:

Medium weight Cotton,
Lawn, Voile or similar light
to medium woven fabrics.
